Objective

Motivated Computer Science Engineering student with strong foundational knowledge in Python and software tools, seeking an entry-level position or internship to apply technical expertise and contribute to real-world software projects.

Education

B.E. in Computer Science and Engineering
Saveetha Engineering College, Chennai, Tamil Nadu
2022 – Present | CGPA: 7.7

Technical Skills:

- Python
- Java
- Basics of MERN Stack
- Fusion 360
- HTML/CSS

Soft Skills:

- Time Management
 - Adaptability
 - Quick Learning
 - Conflict Resolution
 - Team Collaboration
-

Project

Product Recommendation System
Saveetha Engineering College, Chennai, Tamil Nadu
2024

- Built a machine learning-based recommendation engine that suggests products based on user behavior and preferences.
 - Used Python, Pandas, and Scikit-learn for data processing and model building.
 - Implemented collaborative and content-based filtering techniques.
-

Achievements

- Received NCC 'A' Certificate for discipline and teamwork.
